

# Household Hazardous Waste

We are scheduled to be holding 3 household hazardous waste collection events this fall. Due to new regulations set by the PA Department of Environmental Protection, we are requiring residents to register for the events.

Event registration can be found at: <https://buckshhw.eventbrite.com> and more information about the events can be found at [www.buckscounty.org/recycle](http://www.buckscounty.org/recycle)

The events are scheduled as follows –

October 17 – Upper Bucks Campus of Bucks County College in Perkasio

November 21 and November 22 – Lower Bucks Campus of Bucks County College in Newtown

We ask that you please check your websites/social media posts to make sure they have the new updated event information. Please note that our October 17th event has changed locations from Quakertown to Perkasio.
